Arbeits- und Lösungsblatt: Who is Grunt?

Das entwickelte Arbeitsblatt fördert den Bereich Sprache, Sprachlogik und logisches Denken. So genannte Logicals – Rätsel die nur durch logische Schlussfolgerungen gelöst werden können – sind eine gute Methode zur Förderung dieser Bereiche.

Um ein Logical zu lösen, müssen Informationen aus teilweise aufeinander aufbauenden Hinweisen herausgefiltert werden.

Das vorliegende Logical beinhaltet Farben, Zahlen, Körperteile von verschiedenen Monstern in englischer Sprache.

Die Aufgabe des Monster-Logicals ist komplex und über dem Anspruchsniveau der Grundschule.

Weitere Informationen zum Einsatz des Arbeitsblatts können Sie dem kompletten Beitrag entnehmen.
